

ISUS 2018 Satellite Workshop

Derek Parfit's Philosophical Legacy

Karlsruhe Institute of Technology (KIT), 27 July 2018

Aim

The aim of the workshop is to explore Derek Parfit's wide-ranging, original and inspiring contributions to philosophy (moral theory, metaethics, the foundations of normativity and rationality, population ethics, collective action problems, personal identity) and to discuss contemporary issues emanating from his writings.

Speakers

- Roger Crisp (Oxford)
- Julia Driver (Washington University in St.Louis)
- Matthias Hoesch (Münster)
- Brad Hooker (Reading)
- Susanne Mantel (Saarbrücken)
- Katarzyna de Lazari-Radek (Łódź)
- Melinda Roberts (New Jersey)

Program
